Why Sponsor the Denton Arts and Jazz Festival?

Forty-three years ago a group of very forward thinking people got together and decided that music and art should be made available to the general public free of charge. The result of that thinking is the event that would evolve into the Denton Arts and Jazz Festival. While it has seen tremendous growth and evolution throughout its history, one thing has remained true – we still offer the finest art and concert-quality music to the public without an admission fee. This idea has become so important to us that it has become a part of our mission statement.

Ask a dozen people what is important about the Denton Arts and Jazz Festival and you will likely get at least 13 different answers. Ask someone from the city of Denton and you will likely hear about the 20 + million dollar economic impact that the 3 day event provides to the region. The younger set might talk about creating their first masterpiece in the Children's Art Tent that hangs on their refrigerator at home. Their teacher might tell of their first experience in that same tent years ago that planted the seed of wanting to become a Teacher. A musician might tell of their first experience in front of a live audience on a professionally managed stage at Arts & Jazz. In short, the Denton Arts and Jazz Festival is all things to all people. It is a mirror image of the city in which it was born – part bohemian, part sophistication but totally and unapologetically 100% Denton. Three days of family fun – over 2500 performances on six stages and more than 25,000 man-hours go into making this happen every year.

We continue to do what we do because of the reasons listed above and so many more — but mostly because of its importance to the community. However, the annual cost of producing the event continues to increase. With an annual budget topping \$600,000.00, we have suffered the effects of rising costs along with the rest of the world. In 2022 alone, the cost of our infrastructure (staging, lighting and power) rose from around \$100,000.00 to well over \$250,000.00.

Your support is vital **NOW MORE THAN EVER** and will ensure our ability to continue to offer fine art and live music to the public free of charge because you never know – today's audience may include the next Grammy-winning musician or world-celebrated artist.
